

Belize Container Generator

Are containerized generators reliable?

Years of use in the rental, oil and gas, mining and other heavy-duty industries have tested the reliability, usability and durability of our containerized generators. Our primary design challenges in developing this line of containerized generators were usability, reliability and functionality for the end user.

Why should you choose a containerised generator?

Fire Detection Panels and Intruder Alarms: Enhanced safety and security. Our containerised generators are suitable for a wide range of applications, including: Super Silent: Super silent 65dBA at 1m for prime power running diesel and gas. Critical Backup Power: For MOD, NHS, and HMP sites, ensuring reliable performance in emergencies.

What is a Tier 4 containerized generator?

Our Tier 4 containerized generators are high-powered --500 kW to 1250 kW-- units packaged in 30-foot or 48-foot ISO containers.

How was cargo handled in Belize before 1976?

Before 1976, cargo was lightered at anchorage from bulk ships to barges in Belize.

Who owns the Port of Belize?

The Port of Belize is owned by Belize Ports Ltd., a private company owned by local investors since 2002. With this privatisation, the Port had a platform on which to create new business opportunities. Many new ventures have opened since and added value to the services offered.

When did Belize divest its interest in port cargo handling?

On November 15th, 2001, the Government of Belize divested its interest in the Port Cargo handling operations.
