

Bloemfontein Small Solar Power System

Why should you choose Eskom solar?

Say goodbye to Eskom and load-shedding once and for all with our affordable solar systems for both residential and commercial properties. Switch to solar and enjoy clean, sustainable energy for your home. Save money on your electricity bills and reduce your carbon footprint with our hassle-free solar installation and maintenance plans.

Who is galaxy Solar?

Galaxy Solar was founded because of the frustration dealing with the constant load-shedding and lack of sufficient reliable electricity supply in South Africa, and so we started investigating the possibility of offering solar installations in and around Bloemfontein.

What can a business do with a solar system?

Offices and businesses can utilise solar panels and solar thermal panels for a variety of things, including pre-heating ventilation air, water heating, solar cooling, lighting, and power. By putting up a solar system, the business can show its customers and shareholders that it is committed to a cleaner future.

Why should a company move to on-site power generation from a solar system?

By moving to on-site power generation from a solar system, the company can lower its operational costs over the next decades. Offices and businesses can utilise solar panels and solar thermal panels for a variety of things, including pre-heating ventilation air, water heating, solar cooling, lighting, and power.
