Who is a power bank manufacturer?

We, as a power bank manufacturer, can supply quality power bank for any brands of phone, with any capacity of batteries Shenzhen Houny Battery Co., Ltd., founded in 2005, is a high-tech enterprise integrating R&D, production and sale of power bank, power station and lithium battery pack.

What is a power bank Charger?

Browse high-capacity power banks that are slim, lightweight, and perfect for on-the-go. High-speed charging can extend your phone's battery life by more than 19 hours. Shop the Power Bank Charger Factory today. A power bank manages charging from a charger by using sophisticated electronics, storing it in a battery and then charging other devices.

What features should you consider when buying a portable power bank?

Pass-through charging is another feature to consider; with it, you can charge your device and a portable power bank simultaneously. That's convenient if both your phone and backup battery are running on empty.

Should you buy a portable battery or power bank?

Watching your phone or tablet steadily run out of power when you're nowhere near an outlet is stressful. But there's an easy solution: a portable battery or power bank. These are available in many sizes and capacities and can include handy features like fast charging and extra ports.
