

What is the global uninterruptible power supply (UPS) market size?

The Report Offers the Market Size and Forecasts for the Uninterruptible Power Supply (UPS) Market in Revenue (USD) for all the Above Segments. The Uninterruptible Power Supply Market size is estimated at USD 12.16 billion in 2025, and is expected to reach USD 14.60 billion by 2030, at a CAGR of 3.73% during the forecast period (2025-2030).

What are the different types of uninterruptible power supply (UPS)?

By Type The Uninterruptible Power Supply (UPS) Market can be segmented into three primary types: offline (standby) UPS, line-interactive UPS, and online (double conversion) UPS. Offline UPS systems are typically the most cost-effective and are suited for basic power backup needs, making them popular among small businesses and home offices.

What is the demand for uninterruptible power supply (UPS) in 2024?

The rising demand for cost-effective and efficient UPS is enabling the market to grow at a CAGR of 4.28% from 2024 to 2031. An uninterruptible power supply (UPS) is a device that supplies emergency power to connected loads when the primary power source fails.

Where is the uninterruptible power supply market located?

Based on Region: North America holds the largest share of the Uninterruptible Power Supply (UPS) Market, accounting for approximately 38% of the total market value. This dominance is driven by the region's advanced infrastructure, high adoption rates of technology, and significant investments in data centers and telecommunications.

What are the challenges facing the uninterruptible power supply (UPS) market?

Supply Chain Disruptions: One of the primary challenges facing the Uninterruptible Power Supply (UPS) Market is the vulnerability of supply chains.

How is the uninterruptible power supply market segmented?

The uninterruptible power supply market can be segmented on the basis of power rating into 0-5 kVA, 5-50 kVA, 50-100 kVA, 100-500 kVA, and above 500 kVA. On the basis of topology, it can be classified into standby, line interactive, and online.

The global uninterruptible power supply (UPS) market held a value in the range of \$10.5 billion to \$11.0 billion in 2018. On top of that substantial market revenue pocket, the value of the uninterruptible power supply market is estimated to grow ...
