

China Glass Company wants to build a 500,000m² glass factory in Sokhna Industrial Zone. The new factory is planned to produce hundreds of thousands of glass products for construction and photovoltaic units, targeting up to \$250 million in sales annually. The glass factory is also expected to export 80 percent of its output.

China-based IRICO Group New Energy Co Ltd (HKG:0438) on Monday announced plans to build an ultra-thin and high-transmissivity photovoltaic (PV) glass factory in Shangrao, eastern China.

Auto glass producer Asahi India Glass and polymer packaging specialist Vishakha have revealed plans to jointly set up India's largest solar glass plant in the state of Gujarat. The factory will ...

PVTIME - A large-scale PV glass manufacturing project has recently been approved and is due to commence in Lanzhou City, Gansu Province, China. This particular project is initiated by Taiheyuan New Energy, ...

Large capacity addition in solar modules by 15-20 players is likely to drive domestic solar glass demand, say CRISIL analysts in an interview with pv magazine . New players have expressed interest ...

Photovoltaic glass is a special glass product that meets the packaging requirements of photovoltaic modules. It is one of the most important materials for photovoltaic modules. ... Factory Tour. Equipment. Package. Certificate. BIPV Glass/Solar Powered Glass. Products. Mirror. Aluminium Mirror. ... Latest News. 2025-02-08 China ...

Triumph Group is planning to build a \$1.71 billion PV glass factory in Suqian City, Jiangsu Province. Longi has maintained unchanged the prices of its wafers for July.

Flat Glass is able to make 23,000 tons of solar glass daily, its first-half report showed. Of that, 2,600 tons were already in cold repair as of June 30. Xinyi Solar Holdings, another listed PV glass maker, has a daily capacity of 29,000 tons, 2,000 tons of which were in cold repair as of June. 30, according to its semi-annual financial report.

China-based IRICO Group New Energy Co Ltd (HKG:0438) on Monday celebrated the start of construction of its ultra-thin and high-transmissivity photovoltaic (PV) glass complex in Shangrao.

From pv magazine India. India's Borosil Renewables has announced the signing of a binding offer for 100% equity in Interfloat Group, Europe's largest solar glass manufacturer. With this ...

PV Tech has been running PV ModuleTech Conferences since 2017. PV ModuleTech USA, on 17-18 June

2025, will be our fourth PV ModuleTech conference dedicated to the U.S. utility scale solar sector.

Conceived for industrial applications, the novel heat pumps can reportedly deliver hot water at 65 C from -10 C up to 35 C of external air, and hot water at 55 C down to -20 C of external air.

The NorthGlass tempering furnace has achieved stable quantity production of 1.6mm semi-tempered photovoltaic glass in a client's factory, leading to a new breakthrough in the NorthGlass Tempering Furnace ...

Solar glass prices continued to climb this week, with 2.0 mm sheets rising 8% to CNY 13.5 (\$1.85) per square meter and 3.2 mm sheets up 9.8% to CNY 22.5, according to the China Nonferrous Metals ...

The company has also increased glass supply to the sector globally; it converted a float line at its factory in Johor, Bahur, Malaysia, to produce TCO glass. "NSG is also considering expanding further capacity for solar energy glass in the U.S., to ensure it meets solar glass demand by First Solar," say officials in the announcement.

Kibing Group (13.040, -0.22, -1.66%) announced that Chenzhou Photovoltaic, a wholly-owned subsidiary of the company, plans to invest in two new 1200t/d photovoltaic glass production lines in Sabah, Malaysia, with a total planned investment of about 3.12 b. Cookies

?Saint Honoré, September 13, 2024 - AGC Glass Europe, part of the global AGC Group and a global leader in flat glass manufacturing, and ROSI, a frontrunner in the recovery and recycling of high-value raw materials from the photovoltaic industry, have entered into a strategic partnership agreement.

PVTIME - Flat Glass Group Co. (Flat Glass) (601865.SH, 06865.HK), a leading Chinese PV glass manufacturer, announced on 14 April that Jinko Solar Co., Ltd. (688223.SH), one of the world's largest and most ...

A series statements from China PV glass companies showed the entire PV glass industry benefited from the accelerated development of solar PV and achieved outstanding performances in the first half ...

GLASS BULLETIN is a publishing company, run by highly experienced editorial and administrative staff. It has a dedicated and responsible team to provide quality journals and related services to its readers. It publishes GLASS BULLETIN, the fastest growing magazine for global glass industry.

Once up and running, the plant's annual output for PV glass coated products is estimated to reach 26 million square metres (279.8m sq feet). The furnace is to be ignited for trial operation in 2017, according to the ...

Additionally, there are five production lines with a melting capacity of 6,000 tonnes of photovoltaic calendered glass per day, and three more production lines are under construction, intended to melt 3,600

tonnes of photovoltaic calendered glass per day. Scan the QR code to follow PVTIME official account on Wechat for latest news on PV+ES

Ambient Photonics has started mass production on low-light photovoltaic (PV) cells at its low-light PV cell factory in Scotts Valley, south of Silicon Valley. According to Ambient, the company's PV cell technology transforms indoor light into energy with 3× more power density than conventional technology. The technology provides power for electronic devices and can also eliminate the ...

(Yicai Global) July 6 -- Shares in Flat Glass Group soared by as much as 5.1 percent in Hong Kong today after China's second-largest photovoltaic glass maker said that it has successfully bid CNY3.3 billion (USD492 million) for the ...

PVTIME - Flat Glass Group Co. (Flat Glass)(601865.SH, 06865.HK), a leading Chinese PV glass manufacturer, announced on 14 April that Jinko Solar Co., Ltd.(688223.SH), one of the world's largest and most innovative solar module manufacturers, will purchase PV glass from Flat Glass for the production of solar modules from 2024 to 2025.

The new Act will incentivize PV manufacture, as well as products like smart windows, he says, but PV manufacturers, like others in the glass industry supply chain, will continue to face challenges due to the tight North American ...

Hoshine says it will build a solar glass factory in Urumqi, the capital of China's Xinjiang region, where it is also planning a 20 GW vertically integrated module manufacturing facility.

Qingdao Migo Glass Co., Ltd is a leading solar energy glass manufacturer and supplier, specializing in the production of high-quality glass for for thermal collectors, photovoltaic modules and greenhouse construction. Migo Glass now offers a variety of patterned or textured glass for furniture and interior decoration.

Canadian Premium Sand (CPS) plans to open a 4 GW solar glass factory in the United States, in addition to 6 GW of annual production in Manitoba, Canada.
