

# Local energy storage battery manufacturer in Johannesburg South Africa

Why do South Africans need a deep-cycle battery?

As more South Africans turn to solar power and backup energy solutions to combat load shedding and rising electricity costs, choosing the correct deep-cycle battery is crucial for ensuring reliable and long-lasting power storage.

Who makes i-g3n lithium batteries?

I-G3N |Lithium Battery Manufacturer - I-G3N offers a range of premium lithium batteries. I-G3N works with trustworthy and qualified solar installers around the country. IG3N (Pty) Ltd is a manufacturing start-up that assembles LiFePO<sub>4</sub> batteries and is currently the "Premier player" [assembler] in the Lithium Iron storage market in South Africa.

Why should you use a battery for your mining operations?

Power your mining operations with batteries built to withstand the toughest conditions. Optimise your energy use with our advanced storage solutions for both grid-connected and off-grid applications. Experience unmatched reliability with our batteries tailored for motorcycles and other two-wheelers.

Does Potensa have reputable battery suppliers?

Potensa has agencies with several reputable suppliers in the battery industry. We work hard to maintain and grow our relationships with all our partners to ensure that we can deliver high-end, industry-leading battery brands to our customers.

We offer comprehensive energy storage solutions right here in South Africa. Discover a range of reliable and affordable LiFePO<sub>4</sub> cells, both first and second-life, along with Battery Management Systems.

Partner with the leading lithium battery suppliers in South Africa. South African demand for battery-based energy storage is massive and continuing to grow. In this context, REVOV accreditation offers installers a competitive advantage. Our network of accredited installers enjoy extra exposure and new business.
