The base of the Solarcontainer is a solid floor frame with the length and width of a 20f HC container. Mounted on this frame is the innovative PV rail system and the clever folding mechanism of the solar panels, which enable the transport dimensions and lifting points of a standard 20f high cube container, but still contain a maximum of highly efficient solar panels.

Whether seeking a cozy folding house for a weekend getaway or a foldable house for a temporary event space, GRANDE has the expertise to bring your vision to life. Our team of architects and engineers collaborates closely with clients to ensure that each project reflects their individual style and requirements.
