

Does northern Macedonia rely on electricity?

Northern Macedonia's dependence on electricity imports is growing steadily. Instead of increasing domestic production, the country is recording an increase in imports. The World Bank also points out that energy dependence could become a serious problem in its latest semi-annual report on the economies of the Western Balkans.

Is North Macedonia a state-owned power company?

North Macedonia's state-owned power company was unbundled and partially privatized in the early 2000s. Austrian utility company EVN has been responsible for electricity distribution in North Macedonia since entering the market in 2006.

Can I export to North Macedonia from the UK?

If you previously used the EUR-MED form with a mutual EU trading partner, you can use the new EUR-MED form that shows the UK as the place of origin. You can use EU materials or processing in your exports to North Macedonia. The UK and North Macedonia must have fulfilled the necessary requirements set out in the Rules of Origin Protocol.

What is the economy of North Macedonia?

North Macedonia's economy has almost always been completely agricultural in nature from the beginning of the Ottoman Empire when it was part of the Sanjak of Skopje and Salonica vilayet. It concentrated on pasture farming and vineyard growing.

Does North Macedonia still have a coal power plant?

The smaller coal power plant, "REK Oslomej," which was dormant through 2020, was reactivated in 2021 to help North Macedonia reduce its reliance on electricity imports. ESM refurbished the "REK Bitola" coal power plant boilers in 2017, but its equipment is still largely outdated.

How many power plants are there in North Macedonia?

The electric power production system in North Macedonia consists of two coal power plants with a total installed capacity of 825 megawatts (MW), several hydro power plants with a total installed capacity of 695 MW, one combined generation power plant, a heavy oil plant, solar power plants, a few biogas plants, and two wind power farms.
