

PACK battery factory in Cape Town

Will Cape Town get Africa's first gigawatt battery storage plant?

The City of Cape Town is set to get Africa's first dedicated gigawatt battery storage plant in the form of a 12,500 square-metre light industrial site.

Who makes a battery in Cape Town?

The second-largest battery assembly plant is owned by Balancell, which recently upgraded its production facility in Cape Town to support up to 1GWh output per year. Balancell's biggest customer is Toyota Material Handling, while other well-known customers include Cape Fruit, Clicks, Nestle, Shoprite, Spar, and Pick n Pay.

Does South Africa manufacture batteries?

Technically speaking, South Africa has no facilities that can manufacture batteries from start to finish. That is because there is no plant producing the cells that form the basic building blocks of batteries.

Where are Polarium batteries made?

The new factory is located in Cape Town and established in close partnership with American Tower Corporation (ATC) in Africa. With a yearly production potential of more than 300,000 batteries, the facility further increases Polarium's presence in sub-Saharan Africa.

Does ATC Africa have a lithium-ion battery bulk purchase agreement?

After having been strategic partners since 2017, ATC Africa signed a multimillion-dollar lithium-ion battery bulk purchase agreement with Polarium in 2021, securing thousands of lithium-powered backup solutions for ATC Africa's markets over the coming years.
