

Panama Power Tool Lithium Battery

How Lithium-ion batteries dominated the power tools market?

Lithium-ion batteries for power tools dominated the market, owing to the increasing demand from the automotive industry. The rising demand for fastening tools and the evolution of smart and connected power tools in the energy and automotive sectors are expected to provide immense opportunities for the market.

What are lithium ion batteries used for?

Lithium-ion batteries quickly replace conventional nickel-cadmium (Ni-Cd) and nickel-metal hydride (Ni-MH) as a power source for power tools. Advancements in battery technologies are also contributing to the increasing adoption of cordless power tools with high-density batteries that can last longer once charged.

Which region will dominate the power tool batteries market?

Therefore, North America is expected to be the dominant region in the power tool batteries market during the forecast period, supported by increasing adoption in numerous end-user applications. The power tool batteries market is fragmented.

How will the power tool batteries market perform in 2022 - 2027?

The power tool batteries market is expected to register a CAGR of more than 8% during the forecast period of 2022 - 2027. With the COVID-19 outbreak in Q1 of 2020, manufacturers have limited the production of power tool batteries due to the shortage of raw materials, which further declined the sales of power tool equipment.

Is North America a power tool battery market?

Over the years, the North American region has emerged as one of the strongest economies in the world, with the United States, Canada, and Mexico being tightly integrated markets. North America, including the United States and Canada, remains a pioneer in the research and innovation in the power tool batteries market.

Who are the key players in the power tool batteries market?

The power tool batteries market is fragmented. The key players in the market include Bosch Ltd, Hitachi Ltd, Makita Corporation, Panasonic Corporation, and Samsung SDI Co. Ltd., among others. Need More Details on Market Players and Competitors?
