

Solar outdoor battery mobile power bank

What is a solar power bank?

Solar power banks harness the sun's energy in a small, portable device. Perfect for camping, hiking, RVing, or emergencies at home. Choose from a variety of sizes, weights, and capacities. Check out our list of the six best solar power banks for the year!

What are the best portable solar power banks?

Nekteck is one of the best portable solar power banks. First of all, it is affordable and represents the best value of price and quality. Additionally, it possesses a good battery capacity of 10,000mAh. This is sufficient power to charge your high-end gadgets and devices up to 2 to 3 times. There is more to this solar power bank.

Should you use a solar power bank to charge electronic devices?

One thing to note is that most solar power bank manufacturers recommend using the solar charging function only as a secondary function, given the slower charge time. Having said that, the option to charge electronic devices via solar energy is still great, particularly for outdoor activities like hiking, camping or road trips.

Can solar power banks be used for camping?

Solar power banks can be used for camping. They can also work for emergencies like floods and earthquakes, or even in the day-to-day life of people that like using clean and renewable energy to charge their devices. No more getting lost in the wilderness with no way to contact the outside world.

How many charges can the solar power bank hold?

The solar power bank holds up to five charges, ensuring you won't end up with any dead devices, no matter where you are. Its solar panels let you charge it up with some sunlight or with a USB-C cord - whichever option is most convenient. There's a good reason it's considered the top solar power bank on the market.

What is the best waterproof solar power bank?

Here comes the best waterproof solar power bank, the GoerTek solar charger! This device features an excellent battery with 25,000mAh capacity, which will help you recharge your phones and gadgets. To give you a hint of this battery's power, it can charge your Galaxy S9 Plus for 5.7 times or your iPhone XS for 7.4 times before needing a recharge.
