

Tehran 12 volt inverter

12 volt DC to 120 volt AC power inverters are the most common type of direct current to alternating current power supply. Most vehicles are running off a 12 volt battery system therefore this would be the ideal solution in that application. If you are setting up an off grid power system these units will configure well with solar power and wind ...

Keep your home and workspace powered up with Exide's 12V inverter batteries that are best in price and trusted by ...
