

Thailand containerized generator set

What are the different types of containerized diesel generator sets?

The containerized diesel generator sets produced by Dingbo Electric Power are divided into standard and silent types, using a standard container structure box with built-in diesel generator sets and dedicated complete sets of equipment and accessories.

Who provides generator service in Thailand?

Home | Genlight International Co., Ltd. provides industrial, commercial, residential, transfer switch, rental generator service in Thailand such as CAT, Cummins, MITSUBISHI, Denyo, PERKINS, JOHN Deere, deutz, YANMA, MAN, VOLVO, Doosan, MTU and Kohler. We were recognized as a leading provider to the Thailand generator market.

What is a type 6 generator container?

Our Type 6 generator containers consist of two or three pre-assembled modules, depending on the engine type and the application. The overall package (gas engine, container, and auxiliary components) is available for 65, 70, 75 and 80 dB (A) in 10m (surface sound pressure level according to DIN 45635).

Which genset containers are available?

All genset containers are also available with an option for -40°C and most variants can be upgraded for +45°C. A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements. For example, we offer several heat recovery configurations and exhaust after treatment systems.

What size generator container do I need?

Our generator containers for Type 2, 3, and 4 gas engines have a standard 40-foot length. Width and height depend on engine type, the application (power generation only or CHP) and ambient conditions. Customized sizes to accommodate special project requirements are available on request.

What is the standard ventilation for genset containers?

The standard ventilation is designed for ambient temperatures from -25°C to +40°C. The genset containers can be equipped with several additional features to enable operation at lower temperatures on request. Type 6 containers are available with a similarly broad range of options that we offer for the Type 2 / 3 / 4 containers.
